www.hashedsystem.com

About Us

The hashed system is one of the finest software development companies in Dubai. We create efficient and scalable software projects for business industries. The hashed system implements the software development cycle to give your final software product is the same as a customer wants.

What We Do

1

Mobile Application

Our expert engineers help businesses to manage their operations and sales via mobile applications for android & iOS platforms.

2

Web Application

Develop a paved and successful digital road map for your business by splashing it on the website.

3

Custom Software Solution

Establishing a comprehensive web development approach to drive tangible desired outcomes.

Proposal Details

Here we will mention all the details which are required to design, develop, deploy and manage the web application:

Scope of Work:

This website will cover the major components mentioned in the reference website:

Main Landing Page including, banners, how we work, our services, contact us, how we are different, latest blogs, educational videos, and footer.

This website will have an FAQs section where customers will be able to see the important information about services and terms. This page might have our contact us and reviews as well to make this page more attractive.

We can also have another page where customers can ask any question & the admin will answer. This communication will be available on the website in our help & support section.

The services page will have some content and images with each service. Single service will have its own landing page as well which will allow customers to understand more information about this & how we are different.

Areas or Coverage: This section will mention all the major areas with their own landing page which will help SEO and content.

Blogs: We can have at least 5 blogs when launch. More, we can add more blogs weekly basis or one blog in 14 days it depends on client requirement.

Other Tasks

Hashed System:

We will dedicate the following resources to this project:

1. Backend Developer
2. Frontend Developer
3. SEO Team for meta guidelines
4. UI/UX Engineer
5. Project Manager
6. Content writer

Client-Side:

1. Provide imaginary work for coverage pages as we have on the reference website
2. Sharing company details to mention on the website

Terms & Conditions

Authorization

The client is engaging Hashed System, as an independent contractor for the Client application development, deployment & support. All emails, hosting & other payments/expenses are the client's responsibility.

Payment

Fees to Hashed System are due in accordance with the above-listed pricing table. Fees for monthly services will be invoices on the 1st business day of each calendar month. All payments will be made in AED.

Completion

Hashed System and Client must work together to complete the project in a timely manner.

Hashed System agrees to work expeditiously to complete the project no later than the launch date (depending on the date of acceptance of agreement).

Assignment of Project

Hashed System reserves the right to assign subcontractors to this project to ensure the right fit for the job as well as on-time completion.

Revision During Execution

The Hashed System has the right to change the timeline of the deliveries if the requirements are not clear or the scope of the project changes.

Terms & Conditions

Copyright to Project

Clients' website & SEO are the property of the Client. Source code will be shared in case the contract is finished. Hashed System owns all aspects of the design and construction of the products developed by them and will not be disclosed to any client. Client information/data is confidential and will only be used as permitted. The Hashed System has the copyrights and ownership of all applications and products.

Sole Agreement

The agreement contained in this Contract constitutes the sole agreement between Hashed System and Client regarding this project. Continued services after that time will require a new agreement.

Initial Payment & Refund Policy

If Client halts work and apply for a refund within 5 days, work completed shall be billed at the hourly rate of 500 AED, and deducted from the initial payment, the balance of which shall be returned to Client.
